Plastic - Head Thumb Screws With Socket With Socket Drive

Each screws head is press-fit onto a hex head cap screw so you can turn these screws by hand or with a hex key for more torque. Heads have knurled edges and are made from black acetal with a temperature range of 0° to 82°C. Screws are made from 18-8 stainless steel and are fully threaded (Unless noted) with a Class 3A thread fit.
