Rectangular Gage Block Sets **Mitutoyo**

Steel Block Set

Precision gage blocks are the primary standards vital to dimensional quality control in the manufacture of parts.

All include rectangular blocks and come in a wood case. Each block in a set is individually numbered for recalibration at a later date.

All sets come with a certificate of calibration traceable.

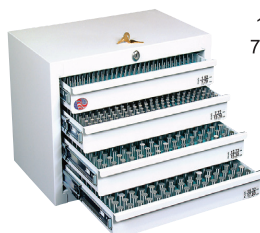

..High - Quality Product at Component Prices...

Steel Pin Gage Sets Class Z

Size and serial number are laser etched on each piece (Except M-O Gages) for easy identification supplied with free NIST Certification. All members are 2" long. Each gage has been inspected and features a 8 micro finish or better.

Tolerance is ± 0.0001 " (.0025 mm) heat treated to a hardness of 60-62 rockwell C for added durability each set is supplied in its own poly case.
